To our Valued Customers

Re: Expanded PCA Recall - Plainview Texas plant

As you may be aware, in addition to Peanut Butter and Peanut Paste, Peanut Corporation of America has extended the recall to include Peanuts, Peanuts Granules and Peanut Meal produced at their Blakely, Georgia and Plainview Texas facilities.

All Peanut and Peanut butter products used at Asher's Chocolates have been examined for their source of origin. Asher's Chocolates hereby assures all our customers that all Asher's products containing Peanuts and/or Peanut Butter are safe for consumption and are not part of the PCA recall.

Asher's Chocolates has no association with Peanut Corporation of America including the purchase of any Peanut or Peanut Butter product from the Blakely, GA and/or Plainview, TX facilities.

Thank you for your continuing business and support.

Sincerely,

A handwritten signature in black ink, appearing to read "Martha Zapata". The signature is written in a cursive style with a large initial "M".
